With the opening of this book, we the Swain Twins are receiving our introduction to the formal education that lies ahead of us and that is ours to absorb. Right now we are a bit bewildered, but taking one step at a time we shall move through all these phases of learning.

RECOGNITION
FOR MERITORIOUS SERVICE

Miss Helen Ewing

Our hats are off to you, Miss Ewing, for having completed in 1965 fifty years of elementary school teaching!

Miss Ewing began her teaching career in a one-room school house, the Bond School in Pleasant Township, Hancock County, with twenty-two students in six grades. Next, she taught the lower six grades in Deweyville. The following year she transferred, along with the upper three grades, to the McComb School system where she still teaches the Fourth Grade. For many years she was the Elementary Principal, which position she has relinquished this year.

Graduated from McComb High School, she attended Miami University, Bowling Green State University, and received her B.A. degree from Findlay College.

STUDENT COUNCIL

The Student Council has for years been the supporting body behind many school activities. In the fall, the Council creates the beautiful pageantry of the Homecoming. This year the Student Council added a special attraction--recognizing the oldest graduate present from both the McComb and the Jackson buildings. The one from the McComb building was Mr. Merritt Haddox who graduated in 1913; and the one from the Jackson building was Mrs. Alice Van Dorn Moor, who graduated in 1929. Their pictures were taken to appear in this year's yearbook.

The Student Council has presented many assembly programs in both buildings. These shows are financed by magazine sales.

Then in December, the most glorious high school dance is sponsored by the Council. The Christmas Dance is the social highlight of the year for the entire student body.

With the closing of this book, we the Swain twins have traveled through the corridors of learning provided by this School. There have been some obstacles along the way, and occasionally we stubbed our toes. We know it was intended to make us grow into better individuals and better able to cope with the responsibilities that lie ahead of us as we go to build our place in today's society.
